

# G150

Retractable Awnings  
for Decks and Patios

The G150 has patented articulating shoulders that provide easy to adjust pitch control and the drop forged arm components provide commercial grade strength and durability. These drop forged castings will last a lifetime.

Premium built arms with a chain tensioning system that provides quiet operation and unmatched performance.

Our engineered ridged front bar with pivoting arm connectors is an industry leader which provides strength and simple elegance. It may be ordered with fabric unwrapped as shown here or wrapped as shown on the front of this sheet.

The optional drop screen provides added solar protection when the sun is in a lower position. Gear operated or optional motor.

# G150
