Aluminum window awnings are made to fit almost any window style. Nulmage® features both stationary and roll-up designs. They are made to endure rain and snow, and will never rust. Awnings help to reduce summer cooling costs and protect your indoor furnishings from sun.

- Window Awnings help to reduce summer cooling costs
- Protects windows and furnishings from the elements
- Two-coat, baked-on finish for lasting performance so the awning will never rust
- Available in custom widths and today's most popular colors
- Horizontal design blends with exterior of your home
- Installation is permanent, no put up and take down expenses

ALUMINUM COLOR CHOICES

Choose a solid or striped pattern in these colors.
Underside of awnings are always white for light reflection.

Door Canopies

WEATHER PROTECTION
FOR ENTRYWAYS

Aluminum canopies are the perfect choice when you want to protect your entryways from the elements. They are made to last and feature a heavy-duty mill finish aluminum framework. Aluminum canopies are durable enough to protect your doorway from both the rain and the snow.

- Built-in front rain gutter
- Heavy extruded mill finish framework, with reinforced center mullion(s) on all sizes
- Two-coat, baked-on finish for lasting performance; will never rust
- Custom sizes and today's most popular colors
- Available with white support arms with adjustable mounting brackets or sidewings
- Hardware included for quick and easy installation
